About The Clinic

Players will work on fundamentals and skills to improve their ability to play the game they love. Throughout the clinic, our staff will offer tips and hands-on instruction, including lectures, fundamental basketball skills stations, contests, and games in a high-energy, fun, and positive environment. Participants will be placed in small groups by age to ensure that each child gets maximum instruction. The comprehensive clinic experience is great for athletes of all skill levels, whether they are new to the game or have been playing for years. We are committed to providing your child with the experience of a lifetime. Players recommended to bring their own basketball.
